Pressure Washer- 2500-<3000 psi	1	34,000 pound excavator	1

1. FCA authorized off-site hours for 1900-55, invoices, and ordering services/supplies. Please provide 1900-55 electronically to OSC for review when off-site. 1900-55 can be compiled in date ranges when verbally authorized by OSC.
2. T&D Coordinator authorized Off-Site hours to finalize T&D Bid.
3. RM schedule Conex Box Containers delivery for excavated material storage.
4. Continue removal of trees/grind stumps in Areas 1, 4 and 5 and properly stage in northern part of Area 1 (DBA Rates).
5. Finish removal of material in GNBC Office Area as per survey mark out.
6. Initiate excavation of contaminated material in Area 5 once all tree stumps are grinded. Then safely transfer excavated material in super sacks to staging (DBA Rates).
7. Continue to coordinate with the City of Niagara to gain access to water hydrant and obtain water meter.
8. Request update from electric company regarding light poles in Areas 1 & 5 but also on the entire site (Poles that will eventually need to be removed in all areas).
9. Obtain: additional temporary fencing as needed, 2,000-4000 gallon water tank, tarps for coverage of staged soil, one additional generators, 200 additional super sacks, and pallets. Complete procurement for portable 8X28 Dress out/screening trailer (9/30 delivery date). Start procurement for 34,000 pound excavator to be mobilized on 09/26/2016.
10. Individual crew members may work different positions within a work day depending on need (For example an operator could work as a carpenter one day).

OSC needs to be notified when off-site hours worked & for what specific task. **Extended work hours authorized as needed by the OSC and will be listed in next DWO.**

I certify that the above work is ordered and authorized by the contractor in the performance of the above cited delivery order.

I acknowledge receipt of this work order
